

# CONSTRUCTION UPDATE

Monroe SD New High School

**Monroe SD New High School**      **7/24/2024**

## PROGRESS TO DATE:

- Discing & Drying out Existing Soils
- Drone Shots of Site
- Released Bid Pack #4 – Building Fit-Out
- Cuts and Fills
- Excavated Southeast Stormwater Basin

## FUN FACTS:

- Drones in construction can cut surveying time from weeks to hours using high-resolution cameras to create detailed 3D maps and models. Plus, they're fascinating to watch!
- Discing and drying is a method used in construction to dry out soil to increase its load-bearing capacity. It's like baking a strong foundation for buildings!

**Building Footprint**

## GOALS NEXT 2 WEEKS:

- Continue Site Cuts/Fills
- Begin Utility Pipe Installations
- Establish Final Grade for Office Trailer Setup and Contractor Parking
- Have Bid Pack #4 – Building Fit-Out Meeting – August 8th
